

LUMBER THAT IS DRY AND SOUND

The greatest difference in lumber is in its lasting qualities.

When you use lumber for any permanent purpose its durability is of first importance.

We handle only that lumber which is dry and sound. You can depend on the life of lumber bought here.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

THE THEATRE

The Idlehour.

The attraction at the Idlehour for Sunday is Maxine Elliott, the noted stage beauty, in "Fighting Odds," by Irvin S. Cobb.

On Tuesday Douglas Fairbanks will be shown in "Double Trouble." This is the first of the Re-issues DeLuxe of all the pictures Douglas Fairbanks and Wm. S. Hart made for the Triangle Distributing Corporation. These productions were so good that Triangle have had new editions made of them all, so the films will be new and in perfect condition.

Douglas Fairbanks has some excellent comic as well as serious effects to display in "Double Trouble." As one personality Fairbanks has to be timid and retiring. His fear of his stenographer or the girls at a Sunday school picnic is laughable. This is when he is Florian Amidon. Hit on the head with a club, in the hands of a thug, Fairbanks becomes another personality. As Brassfield he is aggressive and ruthless. He attains a leading position as an oil man in a flourishing boom town called Bakerstown. He is very lively and popular and becomes a candidate for mayor.

Fairbanks awakes suddenly after five years, this time becoming Ami-

don. He cannot understand why he owns such sporty clothes. He does not know what he may have done while wearing those loud checks. Resolving to satisfy his doubts, he goes in the person of Amidon to a trance medium.

He is transformed again to Brassfield. Such are his disclosures in regard to his corrupt business deals and numerous affairs of the heart that the clairvoyant turns him back to the religious and respectable young banker, but he is a failure at the big business built up by Brassfield, and he is again transformed to that character.

As this latter Fairbanks is aggressive and expeditious in business, but he is without scruples in regard to his dealings with his fiancée and other women and in politics he is not above bribery. He sends a poor man to jail for daring to oppose him and he nearly breaks his sweetheart's heart.

The clairvoyant turns him back to the good young Amidon for the sake of his fiancée and the public just as he has been elected mayor. It appears that the two characters, one good but rather weak, and the other strong but corrupt, will gradually merge into one character which will have all the good points of both with none of their shortcomings. Thus all ends happily.
